

**As a Chamber member
you know most
about the value of your Chamber membership benefits.**

We want you to join and partnership with us today!

In your conversations with colleagues and friends, do you sometimes share about **events you've attended** with the Chamber, **news you saw** in the Business Connection, or the **business promotion** you've gotten through social media?

If so, you're already doing the work toward earning a **free membership!**

What's more, if those conversations lead to 5 new Chamber members, your next year's membership is free*. What a deal!

Here's how it works:

- The 5 new members need to be in this Chamber year
- You'll receive your free membership next year (current renewal month) *\$235 value.
- Qualifying new members can be in the **Business** or **Associate** member category and must not have been a Chamber member under the same business name for the past two years.
- Be sure those you speak with list **your name** on the "Referred by" line located on membership application to receive credit, *required*.
- We'll keep track and tally up numbers at the end of the fiscal year.
- Those who've connected 5 new members to the Chamber will be acknowledged at the first networking event following sign up and in that month Business Connection.

So don't wait - start spreading the good word and earn your **free membership!**
